ML Comics: 6 Wheeler in the Making

Rob enjoyed the emerging markets ride so far this year that would not stopped neither by China downgrade nor by Brazil political shenanigans. But he did not completely believed in emerging markets.. He was expecting at least a pause if not a complete pull back. Meanwhile he launched a completely different model in the rural crafts center... super single 6x drive with wheels on each with Austrian Pinzgauer in mind. The 6 wheeler model was supposed to have 3 bench seats and aluminium body. Its narrow geometry would increase its all terrain capabilities allowing it to maneuver in between the trees
